

Devon Stone | Curriculum Vitae

14 Marseilles Mansions, 10 Ave Marseilles, Sea Point, Cape Town

☎ 0723432779 • ✉ devon12stone@gmail.com

A final year student at the University of Cape Town studying a Bachelors of Science in Geomatics. I am a hard working, moral and determined young man that enjoys working with others and is not frightened by new challenges. I have a real passion for the outdoors and strive to aid in the protection of our environment.

Previous Employment

○ The Hidden Leaf

Waiter

January 2017 – Present

I wanted to become a waiter in order to develop my people and communication skills. I have thoroughly enjoyed working as a waiter and do believe that it has benefited me as a working professional and as a person.

○ Brian Viljoen and Partners

Internship

December 2015 – January 2016 and February 2017

I have completed two internships at this Johannesburg based surveying company. I was required to complete numerous cadastral and engineering surveys individually and aided in other survey projects that the company was undertaking. I was able to participate in a number of exciting surveys and was even able to travel to Lesotho with the company and complete ten days of work there.

○ Initio Earth Sciences

Internship

June 2016 – July 2016

I completed three weeks of vacation work at this company. Initio is another surveying company but their main focus is on laser scanning and aerial photography. Throughout my internship I assisted with numerous surveys and became familiar with laser scanning equipment and software.

○ Au Pair

March 2016 – June 2016

I was an Au Pair for a Hout Bay based family for four months. The family had three children, I was required to fetch them from school, take them to their extramural activities and help them with their homework. I really enjoyed engaging with and spending time with the children. This job most definitely matured me as a person and forced me to understand responsibility.

○ University of Cape Town

First Year Statistics Tutor

February 2015 – November 2015

During 2015 I tutored Statistics 1000 at the University of Cape Town. The position required me to prepare for and take weekly tutorials, workshops and hot seat sessions. This position provided me with the opportunity to further enhance my social skills and my confidence as I was teaching larger sized classes compared to individuals.

○ Teach Me 2

Private Tutor

August 2014–November 2016

I tutored numerous students of varying age groups in mathematics, physics, chemistry and statistics.

Education

Academic Qualifications.....

- **University of Cape Town**
BSc Geomatics , 2014–Present
- **St John's College**
Grade 10 to Matric 2011–2013
Matric results; Mathematics (A), Physical Science (A), Life Sciences (A), Geography (A), Life Orientation (A), English (B) Mathematics Paper 3 (B), and Afrikaans (C)

Notable Achievements and Community Service

- **Dean's List:** *Academic*

I have been selected for the Dean's list (academic average of 70 or more) every year of my degree at the University of Cape Town.

- **School Prefect:** *Head of House*

At the end of my grade 11 year at St John's College, I was named as a school prefect and the head of my house for my Matric Year.

- **Gold President's Award:** *The South African Equivalent to the Duke of Edinburgh Award*

The President's Award is one of the leading self development programs within South Africa. To gain this award I was required complete the following over a period of 12 months; over 72 hours of community service, catalog my participation and improvement in a recreational activity, catalog my participation and improvement in a chosen skill, an adventurous journey and partake in a residential development project. I thoroughly enjoyed completing this reward and I truly believe it aided in my self development.

- **Eagle Award:** *Community Service*

The Eagle Award is a community service project that is run by St John's College every year, it is open to grade eleven and twelve students. It is a week long program that takes students to an underprivileged school and they are required to aid with the school's renovation. The award provides students with forty hours of community service and I completed it twice.

- **First Team Rugby Captain:** *Sporting*

I was given the honor and duty of being the captain of St John's College's first team rugby in 2013. This was a great honor and something that I truly enjoyed but at times it was a very difficult task. It is a role that taught me a lot about leadership and one that I am truly grateful for receiving. I also went on to captain the UCT under 20 rugby team after school.

Technical and Personal skills

- **Programming Languages:** Proficient in: Java, Python and Latex
Also basic ability with: Microsoft Access and ArcGIS
- **Leadership:** Throughout school and university I have taken on and thrived in leadership roles.

Interests and Extra-Curricular Activity

- **Outdoor Activities:** I am very active person who loves the outdoors. I enjoy trail running, mountain biking, hiking and surfing.
- **Team Sports:** I enjoy being in a team environment and being surrounded by my peers. I play in both the UCT rugby and football internal leagues.
- **Reading**
- **Traveling**
